Dear Mark,

If you filed the Dell complaint you have not let me know.

If you have not filed it I wonder if you've let the statute run.

I'd like to know what the situation is.

What can now be done if you've done nothing may present a problem but if you have done nothing and intend doing no thing at least I ought have the records back.

If Bud can't drop them off on a trip to his place west of here I'll probably be in Washington at Jim's for a deposition before too long.

Sincerely,

Harold Weisberg
